THE FLIPSIDE INTERVIEW: THE ART OF RATCHET & CLANK!

Continuing our *VIDEO GAME MONTH* theme, we've reserved the *FlipSide* this issue for an exclusive interview with Ian Tucker, Associate Editor at Dark Horse Comics, whose job puts him in contact with many of today's top video game studios and developers. He works with them to not only translate their properties into new Dark Horse Comics series such as *HALO*, *Dragon Age*, and *The Witcher*, but also mining the developers' studio archives to create unique art books dedicated to their game properties. This month, Dark Horse brings us *The Art of Ratchet & Clank*, their tribute to the comic SF game series, featuring a wealth of never-before-seen artwork and designs, plus commentary from the writers and artists who created them.

COMIC CON 2017 MEMORIES

July was an interesting month as you may have gathered from last month's Editor's Note (and to those of you who sent your condolences, you have my sincerest thanks). Having said my goodbyes to my mother, I left Sacramento for my yearly holiday at Comic Con in San Diego. It was a time of conflicting emotions to be sure; sad because I most likely had seen my mother alive for the last time, but also a time of some optimism, as my good friend Chris Cade was finally able to travel, and was set to return to Comic Con this year.

Having suffered a debilitating stroke nearly two years ago, Chris has been laid up for some time, but recent events have found him moving to a new, more relaxed care facility, and becoming strong enough to do some traveling. And there was no doubt where Chris wanted to go when he had the chance! Aided by his sister, Christina (and a therapist/aid), Chris made the trip down to San Diego from Sacramento, and we met up on Thursday, the first full day of the show.

Wheelchair bound, but no less enthusiastic to be back in San Diego, we made our way into the exhibit hall and made our rounds so Chris could catch up with old friends and acquaintances he'd not seen for nearly two years. One particular stop brought us to the photo you see on this page. We stopped by the A-1 Comics booth to say hi to owner Brian Peets, along with our mutual friends Dwayne Covey (who worked at Comics & Comix during Chris' tenure as General Manager, and now lends his support to Brian at shows and in his stores) and J.W. Chapman (A-1 Comics Sacramento Manager), the guy who took a chance on a guy fresh out of high school and hired me to work at Comics & Comix, and also later helped set up an interview at Bud Plant, Inc. ...which lead to me landing here in Baltimore 29 years ago.

Truth told, I had seen Dwayne and J.W. up north in Sacramento a few times while I was there visiting my mother, but it was the first time that all four of us — Chris in particular — had been together in a very long time. J.W., Chris and myself, along with other friends of the era, used to have epic game sessions of *Dungeons & Dragons* and *Gamma World* back in the early '80s. We were together more than we were apart, it seemed... working side-by-side at C&C, going to movies, hanging out at the pizza place next door to the shop... these guys, these were the friends I left behind in Sacramento when I came to Maryland and Diamond Comic Distributors. Thankfully, between my visits, Facebook and conventions, we have stayed in touch over the years, and I can still count them as some of my best friends in the world.

After that, Chris, Christina and I continued to fight our way through the crowds — have you ever tried to maneuver a wheelchair through a throng of thousands? Infuriating... and yes, I may have yelled a few cosplayers to "take it outside" when they stopped dead in traffic to pose — I mean, they set up an entire portion of the convention center entryway for the express purpose of cosplay photography with Comic Con logos and everything, quite nice! But almost no one was using it... people just simply sat in the open spaces there, unable to sit anywhere else. But I digress...

We caught up with our pal Ron Lim, Dan Brereton, David Lloyd, and plenty of other folks at the show, sketches were had, hands shaken, smiles galore. Chris had a good time, I had a good time, even Christina had a good time!

And lest I forget, a special thanks to my former Diamond co-worker and Southern California homeboy Mark Haynes (co-writer of the *Stargate* comics from American Mythology) for being my Comic Con roommate and drinking buddy for the weekend. You dah man, dude!

The *Comics & Comix* team reunited at Comic Con San Diego 2017! Clockwise from top left: *James "JW" Chapman, "Old Man Previews" (me!), Chris Cade, and Dwayne Covey* (and that's A-1 Comics owner, *Brian Peets*, in the background).

That's all I have for this month. Until next time... issue #350 time!

If only the Beach Boys had been right about that "Endless Summer" thing... I miss it already.

SUPER HEROES RE-IMAGINED BY PLAY ARTS KAI CRAFTSMANSHIP

Lieutenant James "Rhodey" Rhodes of the United States Marine Corps is the best friend of Tony Stark, also known as Iron Man. When James dons his mechanized suit, designed by Tony and similar in its look to Tony's Iron Man suit, he becomes War Machine! As one would expect from a top class military man, he is equipped with various powerful firearms. In this Marvel Universe VARIANT PLAY ARTS KAI, he comes with various types of exchangeable weapon parts. His weapons can be equipped onto both of his shoulders and onto the left and right of his back with secure ratcheted jointing, allowing for various ways to mount his weapons.

The figure's form is rugged and heavily built, and the reactor at his chest is as if it is glows a vivid red color, contrasting with the gunmetal black iron color of the suit. The distressed effect on his suit that tells the tale of his many battles, also adds to the realism to this VARIANT PLAY ARTS KAI War Machine.

Figure includes display stand.

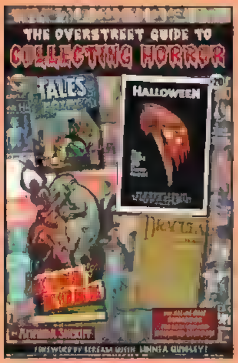
The Overstreet Guide to Collecting Horror Out in October

The Overstreet Guide to Collecting Horror, the latest in Gemstone Publishing's "How To" line, will be available in comic book stores in October. Written by Gemstone Associate Editor Amanda Sheriff with contributions from several talented authors, this book explores collecting horror with content for both new and experienced collectors.

It features horror movies, comic books, TV shows, literature, video games, soundtracks, and tons of collectibles. It contains a foreword by and interview with actress Linnea Quigley, and articles on Universal Monsters, *The Walking Dead*, Japanese horror, *Friday the 13th*, Vincent Price, horror conventions, and much more.



Friday the 13th's Pre-Filming Variety Ad

Friday the 13th is a classic slasher that started the summer camp horror movie category and is the longest slasher franchise, with ten movies in the main series, a versus film, and a remake.

It was directed, produced, and developed by Sean S. Cunningham. Before filming began, Cunningham placed an ad in the July 4, 1979 edition of *Variety* showing the film's logo, despite the fact that it wasn't fully financed yet. The ambitious ad states "The Most Terrifying Film Ever Made!" even though a single frame had yet to be shot! But it was a successful gambit and Cunningham received significant positive feedback and interest in the project.

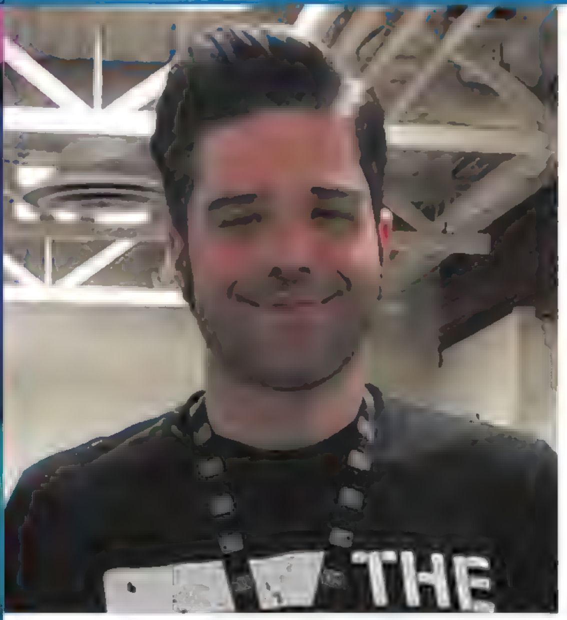
- **Kennel Block Blues TP** (SEP161411)



Please tell us a bit about yourself!

I'm a Canadian comic book writer, occasional letterer, coffee addict, hardcore music lover, pro-wrestling apologist, and nerd hermit. I've been writing comics since 2008, and am very fortunate to be able to do it full-time since 2015!

What are your favorite projects you've contributed to over the past decade?

It's so hard to pick a favorite, as everything I've gotten to work on contains an incredibly important and personal piece of "me" within. I immediately reach for *Kennel Block Blues* (SEP161411), my BOOM! Studios creator-owned series with Daniel Bayliss and Adam Metcalfe. To me, everyone involved with that series leveled up in a really big way, and I firmly believe there was nothing on the shelves quite like it. It was also a very significant piece of work for my own personal growth and catharsis.

For all the acclaim the *D4VE* (*Vol. 1* / JUL150396) series received, I feel like working with Valentin Ramon on *Hot Damn* (SEP160558) was a really fun experience, and I'm proud of how that comic came out. To be fair, every project I've worked on is my favorite. They're all so different and important to my career!

What are you currently working on?

I'm currently writing two series for BOOM! Studios — *Rocko's Modern Life* (see page 300!) and *Kong on the Planet of the Apes*. Those are two very, very amazing jobs to have for a guy like me. I'm also the writer for the ongoing back-up comics in *Mighty Morphin Power Rangers*, which is a total blast!

I also have several as-of-this-writing unannounced series that will roll into 2018: one big licensed book that I'm really pumped for, and three new creator-owned series that are my world right now. I can't wait for everyone to see what my collaborators and I have been cooking up for a while now!

What fun titles are you reading?

I'm really into *4 Kids Walk into A Bank* (*Vol. 1* / AUG171291) from Black Mask Studios. It is easily the best series of the year. *Mech Cadet Yu* (*#1* / JUN171288) from BOOM! Studios is a ton of fun. I'm still on an emotional high from Jason's *On the Camino* (MAR171778) from Fantagraphics. Rich Tomasso's *Spy Seal* (*#1* / JUN170705) is off to a great start! *Ringside* (*Vol. 1: Kayfabe* / FEB160631) is continually speaking my language, and *Zojaqan* (*#1* / MAY171993) from Vault is *Saga*-level kinds of good. I could go on for hours, there are so many great comics right now!

"A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

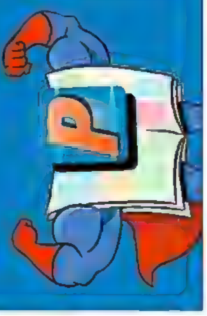
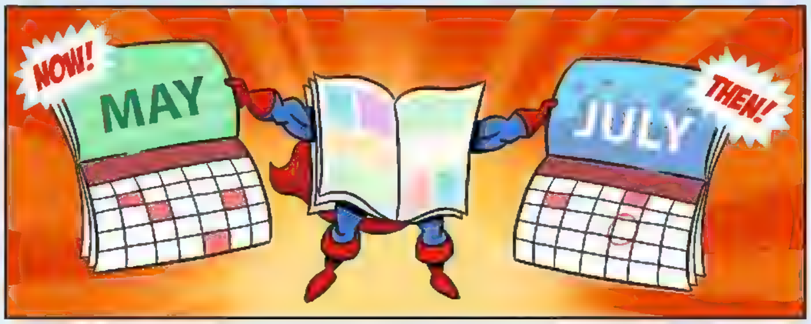
WHAT'S@ COMIC SHOPS



WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

One of Marvel's classic characters makes a long-awaited return in *Phoenix Resurrection: The Return of Jean Grey!*
MP-3
Marvel PREVIEWS
$4.99

JEAN GREY RISES FROM THE ASHES LIKE A PHOENIX

Jean Grey, one the world's most powerful telepaths and bonded to the Phoenix Force, died in battle long ago, and her memory has served as a comfort and an inspiration to the X-Men she fought alongside and those who came after her. Just as the mythical Phoenix is reborn from the ashes when the time was ripe, so too have Jean's friends and colleagues believed that she would return in time, and that time may be now in Marvel Comics' new mini-series, *Phoenix Resurrection: The Return of Jean Grey!*

In Jean's absence, the power of the Phoenix has been felt, notably when the Avengers and the X-Men went to war over Hope Summers and five X-Men used the power of the Phoenix to remake the Earth in their image, and more recently as the teenaged, time-displaced Jean Grey has sensed and feared the approaching Phoenix Force. Now a series of unexplained events around the world lead the X-Men to one inescapable conclusion — Jean Grey has been reborn from the ashes like the Phoenix — and they will scour the Earth to find their friend and teammate and discover what her return means!

Phoenix Resurrection: The Return of Jean Grey brings one of Marvel Comics' iconic characters back to the fore. Matthew Rosenberg, the writer behind *Kingpin* and *Rocket Raccoon*, teams up with Leinil Francis Yu (*Inhumans Vs. X-Men, Secret Empire*) for this pivotal story that will shape the X-Men and the Marvel Universe for months and years to come!

Marvel Legacy promises readers the biggest and boldest storytelling Marvel Comics has to offer, and X-Men fans can expect powerful storytelling and epic adventure in Rosenberg and Yu's *Phoenix Resurrection: The Return of Jean Grey* #1 this December!

MAT JOHNSON EXPLORES RACIAL IDENTITY IN DARK HORSE COMICS' *INCOGNEGRO*

In the 1930s, Zane Pinchback, a reporter for a New York City newspaper, traveled though the segregated South, investigating lynchings. An African-American himself, Zane's complexion was light enough that he could "pass" as white among the locals he investigated and reported upon. In Mat Johnson, the award-winning author of *Hunting in Harlem*, and Warren Pleece's graphic novel *Incognegro*, Pinchback accepts one final assignment that takes him to Mississippi, an assignment that takes on a personal dimension as the man threatened with lynching is none other than Pinchback's own brother, Alonzo.

Originally published by Vertigo in 2008, *Incognegro* returns to print in a new edition from Dark Horse Comics that featured a new afterword from Johnson, behind-the-scenes materials, and toned black and white artwork. A powerful examination of race relations and personal identity in the American South in the 1930s, *Incognegro* returns to print at a pivotal political moment when voter rights are being rolled back across the country and white nationalists are marching in the streets. As William Faulkner wrote, "The past is never dead. It's not even past." The stain of racism and segregation may lay dormant hide, but it's never truly gone, and *Incognegro* serves as a reminder of a history that many have chosen to forget.

Timely and powerful, Johnson and Pleece's *Incognegro* dramatizes and personalizes an important chapter of American history, a chapter that must be remembered because it has never really ended.

THE WITCHBLADE HAS A NEW WIELDER IN TOP COW'S NEW ONGOING SERIES

Sara Pezzini's time as the wielder of the Witchblade amulet came to an end, and she walked away from her life as New York City's demon hunter to a quiet life as a mother in Chicago. While Sara may have given up being the Witchblade, the amulet has never given up its search for a new host, and this December it finds one in Top Cow's new *Witchblade* series!

The victim of a shooting, Alex Underwood's life should have ended on a cold and snowy New York street. But, instead of dying she becomes host to the powerful Witchblade amulet, and a new phase in her life begins. Wielding powers she cannot comprehend, seeing demons in the streets of the city, Alex's life has changed irrevocably and she quickly finds herself the target of powers who want to see this new Witchblade wielder eliminated!

Acclaimed urban fantasy author Caitlin Kittredge teams with artist Roberta Ingranata to introduce readers to the next Witchblade. More than just a continuation of the original Witchblade mythology, the new *Witchblade* series is an ideal starting point for new readers and fans of Kittredge's work.

Arriving in December from Image Comics and Top Cow Productions, Kittredge and Ingranata's *Witchblade* is the supernatural, superheroic urban fantasy of our time!

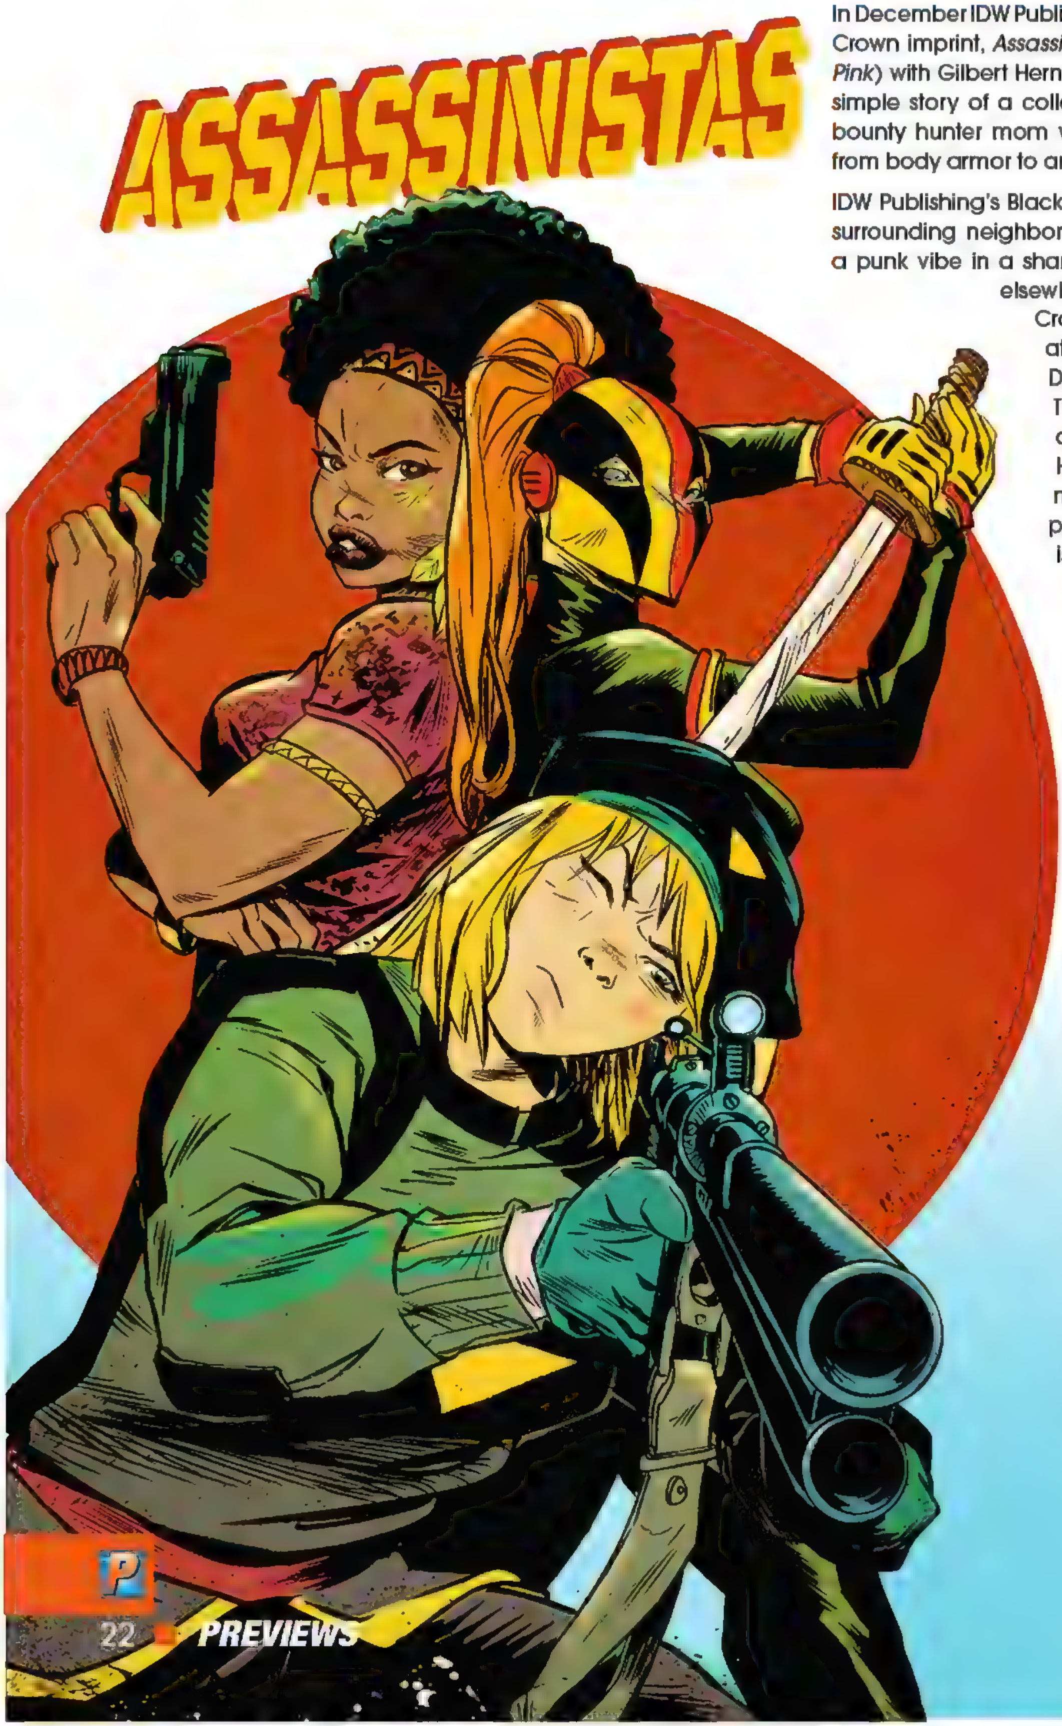
A RETIRED ASSASSIN GETS BACK IN THE GAME IN IDW'S *ASSASSINISTAS*



In December IDW Publishing launches the next book in their new Black Crown imprint, *Assassinistas!* Teaming Tini Howard (*Power Rangers: Pink*) with Gilbert Hernandez, (*Love and Rockets*), *Assassinistas* is the simple story of a college student who has to pay his bills and his bounty hunter mom who spent his tuition on high-tech hardware, from body armor to ammo.

IDW Publishing's Black Crown imprint is centered on a pub and the surrounding neighborhood, letting creators tell unique stories with a punk vibe in a shared environment that simply couldn't be told elsewhere. "Part of the philosophy (with Black Crown)," said editor Shelly Bond to an audience at Diamond's retailer lunch at this year's San Diego Comic Con, "is to unite newcomers like Tini, who has done a few books for different companies, with someone like Gilbert Hernandez — hardcore veterans and punk neophytes — and seeing what they do on the page." The result, says Bond, is comics work that is "unexpected, and so bloody cool."

Assassinistas embraces Black Crown's punk vibe with the unexpected collision of college comedy and intense action. The sharply drawn characters – collect student Dominic, boyfriend Taylor, bounty hunter mother Octavia, and fellow assassins Charlotte and Rosalyn – will capture readers' attention immediately, and their stories will bring readers back for more. College is a time of self-discovery, as Dominic and Taylor will discover, and their lives will become more wild and complicated thanks to Dominic's mother's career choices!

The world of Black Crown in growing, and you'll want to meet the characters of IDW Publishing's *Assassinistas* this December!

CELEBRATE THE INTERSECTION OF SEQUENTIAL AND INTERACTIVE FICTION WITH *PREVIEWS* VIDEO GAME MONTH

VIDEO GAME MONTH

Forty years ago, video games were in their infancy. There were text games on terminals on college campuses such as *Star Trek*, *Colossal Cave Adventure*, and *Rogue*. At home, there was Pong and then the Atari 2600, the Intellivision, and other home consoles. Games developed and became more complex as computer technology improved to take advantage of faster processors, more memory, and better graphics to draw the player closer to the game world, and today's video game consoles like the PlayStation 4 and the Xbox One are far removed from their ancestors decades ago. Video games are now one of the lynchpins of modern entertainment; the launch day of a AAA console game like *Halo* or *Assassin's Creed* will dwarf the revenue of a blockbuster movie's opening weekend.

PREVIEWS' Video Game Month celebrates the groundbreaking entertainment of video games and their intersection with the sequential art of comic books and graphic novels. The worlds in games such as *Tomb Raider* and *WarCraft* are filled with characters and places that fans want to explore outside of the structure of the games, and comic book publishers have leapt into the breach to tell the captivating stories that will take readers beyond the game. Dark Horse Comics chronicles untold stories of Lara Croft's adventures in *Tomb Raider* comics and reveals critical history of humanity's war against the Covenant in *Halo* comics. Titan Comics weaves new stories around the characters from the fighting game *Tekken 7*, tells historical adventures with the assassins from *Assassin's Creed*, shows a galaxy at war in *Warhammer 40,000*, and uncovers the backstory to the intense shooter *Quake Champions*, all going beyond the video games to flesh out the world and the characters within. In addition to books based on video game worlds, publishers like :01 First Second have published graphic novels that look at video games at the people who play them, books like Cory Doctorow and Jen Wang's *In Real Life* and Box Brown's *Tetris: The Games People Play*.

Look for the Video Game Month logo throughout ***PREVIEWS*** this month, encompassing both new works and backlist titles, to discover for yourself the ways that video games have been adapted for as well as influenced comics and graphic novels.

TITAN INTRODUCES BRAND-NEW IMPRINT, STATIX PRESS!

FEATURED ITEM

From Michael Moorcock's Elric, Enki Bilal's The Nikopol Trilogy, and TO Snowpiercer and The Death of Stalin which inspired major movies, Titan Comics haS led the way in high quality, innovative translated editions aimed at a US audience.

STATIX PRESS

Now Titan Comics is proud to announce a brand-new international imprint: Statix Press! This exciting new line will showcase the best comics from Europe and around the globe.

We spoke with Chris Thompson, the Brand Manager for the Static Press line at Titan, about how the imprint came about and Titans plans for the future!

CHRIS THOMPSON - BRAND MANAGER, TITAN COMICS

What is Statix Press?
The short answer is that Statix Press is Titan's new imprint to showcase the best comics from Europe and around the globe. The longer version is that it's something we've been wanting to do for a while ... Titan has a rich history of publishing English versions of classic material but, with our expanded comics line, we needed to find a way to highlight these projects once again. It's easy for things to get lost in the mix, but by distinguishing them as Statix Press we can elevate and draw attention to them. Statix represents a level of thought and curation that is important to us all.

Titan have published an extensive back catalogue including *Norman, Khaal, Lone Sloane, Death of Stalin*, etc. Will these be included under the Statix Press banner?
Absolutely. As I said, Titan Comics have a rich history of this - going back several decades - so it makes sense to incorporate everything. We'll be putting the Statix logo on all our books and singles going forward and, as we need to reprint some of the classic volumes, we'll be bringing them under the Statix Press banner as well. We want you to see the Statix logo as a sign of quality representing a curated line of titles that you can follow.

Did you read European comics growing up? If so, which ones?
Growing up in Australia, I was exposed to comics from all over the world ... but they weren't presented as French or European or something regional - they were just comics. Like many kids, *Tintin* and *Asterix* were a staple of my childhood. I still remember discovering Heavy Metal when I was 11, which was also (sadly) the moment I stopped drawing. Looking at the work of Moebius, Druillet & Bilal caused me to drop my pencil, but it also made me a lifelong fan. I've continued to explore the best of what the world has to offer, which is why the Angouleme Festival is an annual pilgrimage for me, and I've visited shows in three continents. I'm totally open to expanding this, if people want to have me.

How do you feel Statix Press will honor this tradition of European Comics, and what will Titan Comics aim to do differently?
I think it's less about honoring European comics and simply honoring comics. We've tried to do our best with that in the past, but by bringing it all under one umbrella we're able to give certain titles the extra spotlight they deserve. I think having cover artists that people already know will help with that ... When you've got the likes of Brandon Graham (who did my awesome profile pic), Walter Simonson, Francesco Francavilla & James Stokoe doing covers for you then it attracts some more attention. We've tried to pair the right artists with the right books to pique your interest.

Anything coming up from Statix Press that you want to specifically highlight?
Unofficially *Hercules: Wrath of the Heavens* and *The Beautiful Death* were our first real titles. In terms of our approach, they were at the forefront of what we want to do. They'll bear the Statix Press logo going forward, but as for things I'd like to highlight, I guess I'd say *Doctor Radar* and *Under* (which are both featured in this catalogue). I first heard about *Doctor Radar* through my friend Joe Keatinge (*Ringside, Hell Yeah*) at Angouleme a little while back, and I was immediately convinced. Joe has a good radar (pardon the pun) for this kind of thing, and I love to see that passion in others. I wasn't familiar with *Under* before it came to us, but I knew Stefano Raffaele's work, and it's great to see him getting the attention he deserves with other publishers (like *Marvel Generations: Hawkeye*). Ultimately I'd encourage you to check out what we're doing, and to keep a closer eye on us going forward.

INCOGNEGRO: A GRAPHIC MYSTERY HC

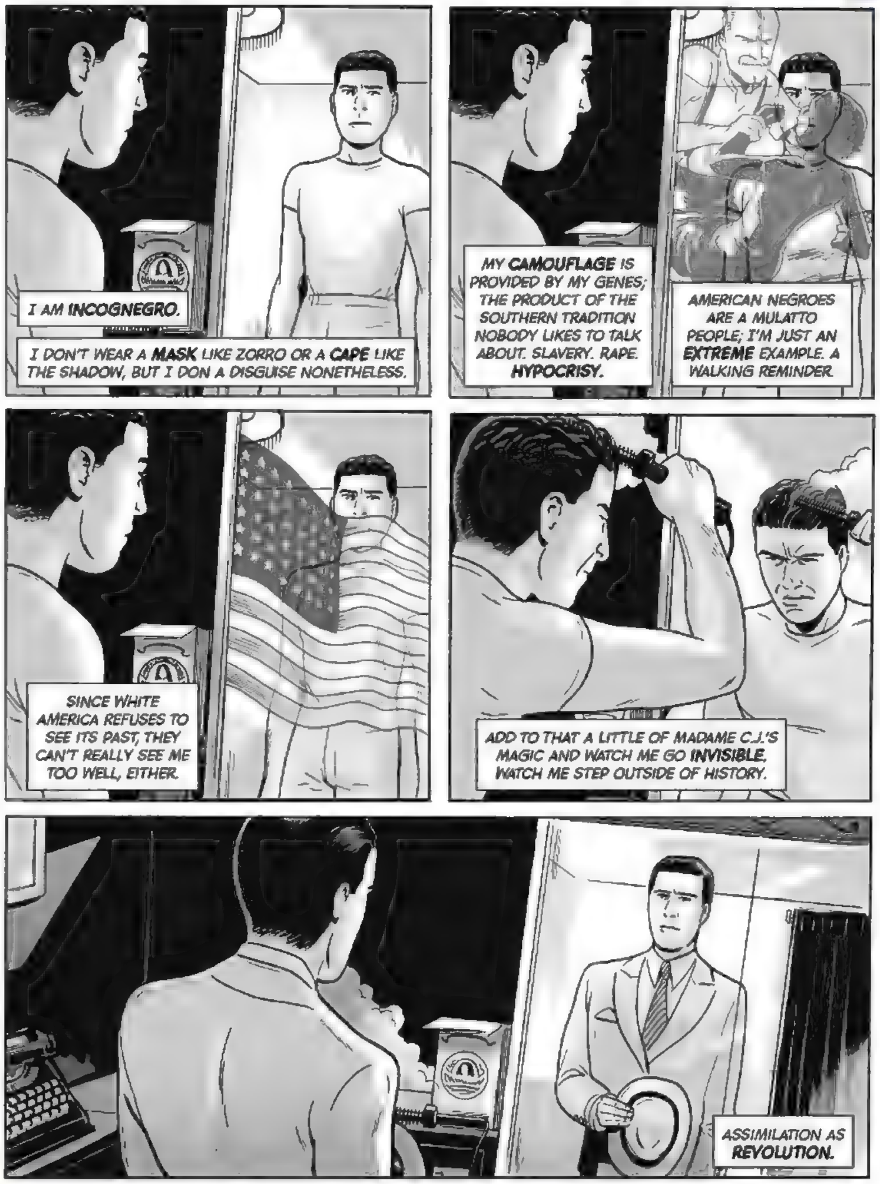
Mat Johnson (W) and Warren Pleece (A/Cover)

On sale Feb 6
b&w, 144 pages
$19.99
HC, 6" x 9"

In the early 20th Century, Zane Pinchback, a reporter for the New Holland Herald, is sent to investigate the arrest of his own brother, charged with the brutal murder of a white woman in Mississippi. With a lynch mob already swarming, Zane, whose skin color is light enough that he can pass for white, must stay "incognegro" long enough to uncover the truth behind the murder to save his brother—and himself.

Suspenseful, unsettling and relevant, *Incognegro* is a tense graphic novel of shifting identities, forbidden passions, and secrets that run far deeper than skin color.



I AM INCOGNEGRO.
I DON'T WEAR A MASK LIKE ZORRO OR A CAPE LIKE THE SHADOW, BUT I DON A DISGUISE NONETHELESS.
MY CAMOUFLAGE IS PROVIDED BY MY GENES; THE PRODUCT OF THE SOUTHERN TRADITION NOBODY LIKES TO TALK ABOUT. SLAVERY. RAPE. HYPOCRISY.
AMERICAN NEGROES ARE A MULATTO PEOPLE; I'M JUST AN EXTREME EXAMPLE. A WALKING REMINDER.
SINCE WHITE AMERICA REFUSES TO SEE ITS PAST, THEY CAN'T REALLY SEE ME TOO WELL, EITHER.
ADD TO THAT A LITTLE OF MADAME C.J.'S MAGIC AND WATCH ME GO INVISIBLE. WATCH ME STEP OUTSIDE OF HISTORY.
ASSIMILATION AS REVOLUTION.

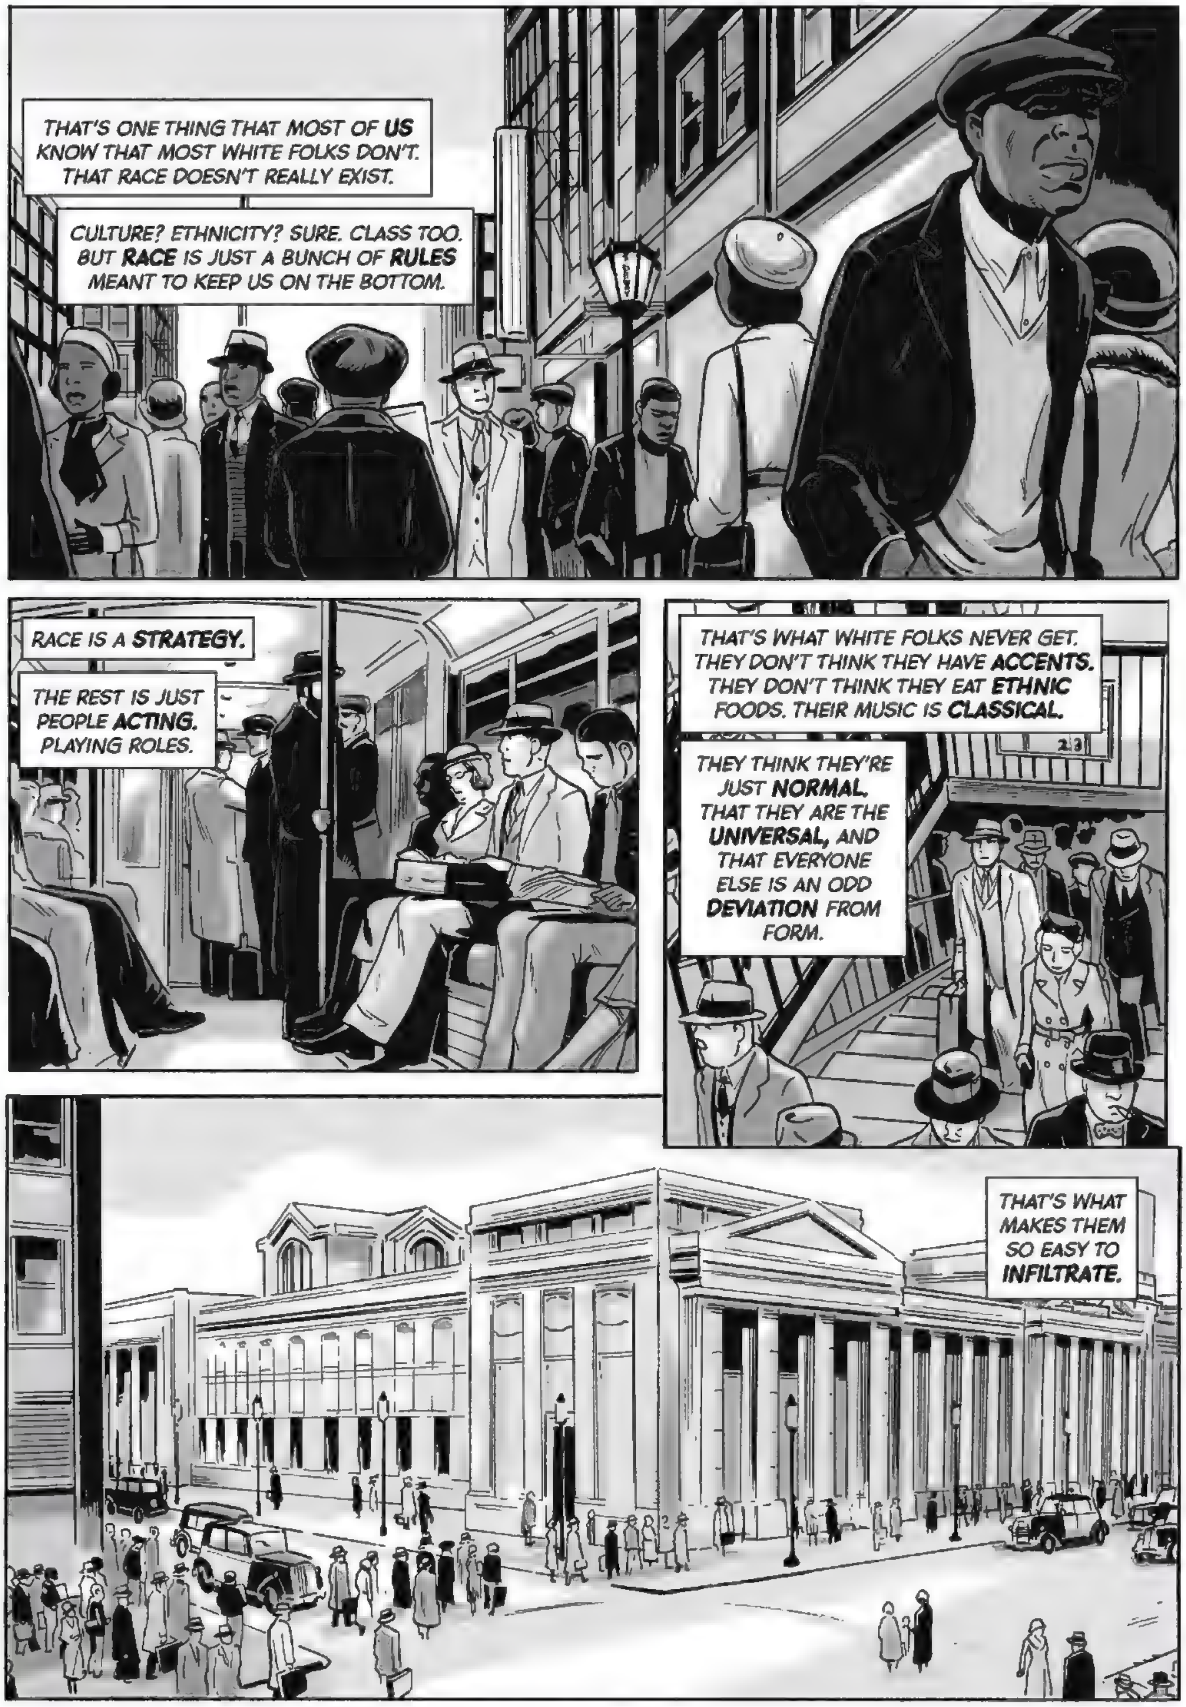
BERGER BOOKS™

Features a new afterword by Mat Johnson, enhanced toned art and other additional material.

"A talented writer of both fiction and creative non-fiction, Johnson's publications have established him as an important new voice in the African-American tradition." —Walter Mosley



THAT'S ONE THING THAT MOST OF US KNOW THAT MOST WHITE FOLKS DON'T. THAT RACE DOESN'T REALLY EXIST.
CULTURE? ETHNICITY? SURE. CLASS TOO. BUT RACE IS JUST A BUNCH OF RULES MEANT TO KEEP US ON THE BOTTOM.
RACE IS A STRATEGY.
THE REST IS JUST PEOPLE ACTING. PLAYING ROLES.
THAT'S WHAT WHITE FOLKS NEVER GET. THEY DON'T THINK THEY HAVE ACCENTS. THEY DON'T THINK THEY EAT ETHNIC FOODS. THEIR MUSIC IS CLASSICAL.
THEY THINK THEY'RE JUST NORMAL. THAT THEY ARE THE UNIVERSAL, AND THAT EVERYONE ELSE IS AN ODD DEVIATION FROM FORM.
THAT'S WHAT MAKES THEM SO EASY TO INFILTRATE.

In high school I did a lot of babysitting.
The bedtime story, the warm milk, then right to sleep!
I'm sure we'll get on fine.
I told them stories.
And then Cinderella married the prince...
...and doves pecked out the eyes of the wicked sisters. The end.
I sang them lullabies.
♫ Hush, little children, Don't you cry ♫
Mama's gonna bring you a
♫ pecked-out eye ♫
Good night, sleep tight, don't let the monster under the bed bite.
I cast a spell on it.
I turned it into a bedroom slipper.

On the surface, we're a normal-ish "straight" married couple.
If I get groceries while you work on the car, are we succumbing to gender stereotypes?
We can switch any time you want.
We cannot. I suck at car.
DECEPTIVELY NORMAL.
by Dana Simpson
So we get asked the normal married-people questions.
How'd the two of you meet?
People seldom actually want to know in detail, so you can get away with vague answers.
We were in college.
Oh.
But it would be fun to answer in detail more often.
Let me transport you back to the 1990s internet.
Okay.

THE NEW AGE OF DC HEROES

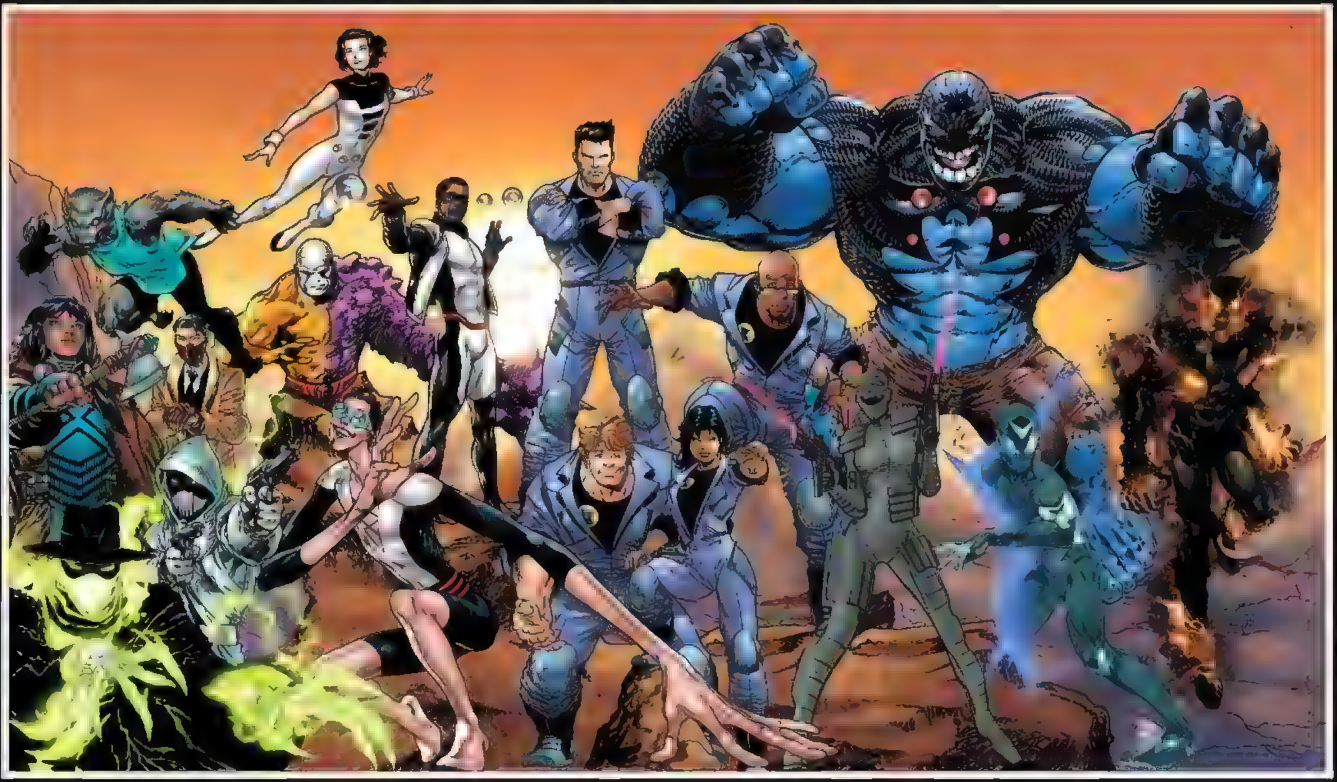
WELCOME TO THE NEW AGE OF DC HEROES!

Starting in December, DC introduces a bold new line of comics starring a thrilling array of heroes—some you already know, some you may have glimpsed in the pages of DARK NIGHTS: METAL. They embody a spirit of epic adventure and bravery—the kind you may remember from another era, but updated in an exciting way for today!

This month, we're soliciting the debut issues of THE IMMORTAL MEN and DAMAGE, both shipping in December, along with THE SILENCER #1, coming in January. These new titles and the others coming in the coming months are illustrated by DC's Master Class of artists, including legendary names like Jim Lee, Greg Capullo, Andy Kubert, John Romita Jr., Tony S. Daniel, Ivan Reis, Philip Tan and Kenneth Rocafort. And they are written by some of comics' biggest names, including Scott Snyder, Jeff Lemire, Dan Abnett, James Tynion IV, Robert Venditti, Dan DiDio and Justin Jordan.

All the titles in the New Age of DC Heroes will kick off with amazing fold-out covers—with a new twist. Instead of folding out horizontally, these covers will fold out vertically, creating an extraordinary view of the action you'll find in each title! And on the back of each fold-out cover you'll find art by DC's Master Class of artists.



FEATURES AN UNPRECEDENTED VERTICAL FOLDOUT COVER!

REVERSE SIDE OF THE FOLDOUT FEATURES ART BY ANDY KUBERT, JIM LEE, JOHN ROMITA JR., TONY S. DANIEL, PHILIP TAN AND KENNETH ROCAFORT

When their base of operations, known as the Campus, is savagely attacked, the Immortal Men must seek out their last hope—an emerging metahuman known as Caden Park! Caden's emerging powers may be able to ensure the Immortal Men's survival—but will Conquest get to him first?

artist **Gilbert Hernandez**

cover **Gilbert Hernandez** (A)

Dominic Price and the Semester Abroad, Part 1 of 6 . Dominic Price is a college-age kid who just wants to spend the semester making out with his boyfriend, Taylor, in between rounds of *TurboLight Fighter* and maintaining a solidly passable 3.2 GPA. His mom, Octavia, formerly a badass action-movie-quality bounty hunter, didn't pay his tuition, because she had to get back in the business and spend 40K on black market weapons and body armor. And she's bringing Dominic with her, because the alternative is making lattes for a semester, and he'd rather die. Good thing in mom's line of work, dying *is* an option.

ASSASSINISTAS

"I was mostly into hard rock bands as a teen in the 1970s and that carried through well into the 1980s, although I appreciated Prince and Michael Jackson as well as some of the other danceable music of the day. I had no interest in roller disco as disco was a disease to my ears except for the ELO/Olivia Newton-John collaboration *Xanadu*, which I felt was ELO at their peak period. So here I am drawing a comic featuring roller disco. Call it karma, I guess. The most important thing about the book to me is the characters, as with all comics I'm involved with."

"We see the Assassinistas in two phases in their lives—the younger version of themselves, when they were mercenaries, which I describe as 'Then' and the older, settled-down versions of themselves years later, with kids and jobs, which I refer to as 'Now-ish.' Then is bright, wild, and (something I trust Gilbert to do so well) sexy, inspired by everything from Emma Peel to Foxy Brown to tales of the Go-Go's on tour.

As for Now-ish, it's modern, cool, with bits of that same energy just desperate to sneak back into our characters' lives. Our lead boys, Dominic and Taylor, are college kids, full of passion, emotion, frustration, and a search for purpose—which is often put off by the more immediate quest for video games and makeouts."

"Lost in Franz" Part 3 of A Lad Insane. Bury the past and it turns into monsters. Or in Kid Lobotomy's case, a disgusting cockroach man. As our troubled Kid flees deeper into the lower depths to escape his sister's arrival, he encounters more mystery and confusion. Bug-on-bug sex, spontaneous combustion, and Franz Kafka are among the many dubious delights at "The Suites," America's Strangest Hotel.

SCREWBALL! THE CARTOONISTS WHO MADE THE FUNNIES FUNNY

writer **Paul C. Tumey**

artist **George Herriman, E.C. Segar, Rube Goldberg, and more**

cover **Milt Gross and Friends**

Before "screwball" became a movie genre, it was a staple of other forms of American culture, including newspaper comic strips. Emerging from the pressures of a rapidly accelerating technological and information-drenched society, screwball comics offered a healthy dose of laughter and perspective. Comics scholar Paul C. Tumey traces the development of screwball as a genre in magazine cartoons and newspaper comics, presenting the lives and work of around two dozen cartoonists, with an art-stuffed chapter on each.

Screwball offers a wealth of previously un-reprinted comics, unleashing fresh views of some of America's greatest and most-loved cartoonists, such as **George Herriman** (*Krazy Kat*), **E.C. Segar** (creator of *Popeye*), **Winsor McCay** (*Dreams of the Rarebit Fiend*), **Rube Goldberg** (*The Inventions of Professor Lucifer G. Butts, A.K.*) and **Bill Holman** (*Smokey Stover*). In addition, readers will be delighted to discover previously "lost" screwball masters, including **Gene Ahern** (*The Squirrel Cage*), **Gus Mager** (*Sherlocko the Monk*), **Milt Gross** (*Count Screwloose*), **George Swanson** (*$alesman $am*), and many others.

"Allow me to tickle your fancies with my tale, a tale woven from the threads of a hundred other tales...." These are the first words of the masked storyteller who relates the epic story of the young lovers, daring Irvi and beautiful Sian, who are separated by fate... and of Cobra, the soldier who becomes emperor by the path of blood, rage, and magic... and of Maluuk, the dwarf actor who plans a revolution. Artist Enrique Fernández paints a colorful and magical universe populated by glamorous and fascinating characters in this original graphic novel.

LOVECRAFT: THE MYTH OF CTHULHU

writer/artist/cover **Esteban Maroto**

cover colors **Santi Casas**

Illustrated in haunting black and white over 30 years ago, these comics are re-presented in a new edition, adapting three of H.P. Lovecraft's most famous stories involving the Cthulhu Mythos.

"The Nameless City" is considered the first story of Lovecraft's Cthulhu Mythos, detailing the discovery of an ancient city in the deserts of the Arabian Peninsula built by an unnamed race of reptilian beings. In "The Festival," a man arrives at the sea town of Kingsport, Massachusetts, during Christmas but finds a place eerily empty and centuries out of date. "The Call of Cthulhu" is perhaps Lovecraft's most famous story, describing a man who, after finding the notes of his granduncle, is lead on a journey around the world in search of a mysterious and disturbing phenomenon.

The third of six volumes collecting **MATT WAGNER**'s epic fantasy trilogy. **THE HERO DEFINED** was the series that first saw **WAGNER** join the ranks of Image Comics creators and continues the saga of the reborn Pendragon, Kevin Matchstick. Several years after the events of **THE HERO DISCOVERED**, Kevin finds himself partnered with a posse of comrades who also embody the powers and personas of ancient heroes. Together they confront and battle a litany of supernatural challenges, all seemingly orchestrated by an unseen malevolence from Kevin's past.

MATT WAGNER's classic epic of comics fantasy has been beloved by both old fans and new readers for decades. **MAGE** was at the vanguard of the independent comics scene and continues to be an inspiration for many contemporary creators. With the release of the final part of the **MAGE** trilogy, **THE HERO DENIED**, this series will be an essential part of any comics library. **MAGE: THE HERO DENIED** resumes next month with issue number five.

9/11: A GRAPHIC NOVEL

On September 11, 2001, almost 3,000 souls were taken from us. While we remember the friends and family that were lost, sometimes we forget those who are left behind, and the people who still mourn and suffer every day.

This story is about a hero and a villain who both lost loved ones when the towers fell. Through them, we experience the changes they endure and maybe even empathize with the pain of the living when they can't move on.

66 pages, full color.

Earth's star-crossed daughter is back! When Barbarella wanders into a war zone, the theocratic rulers of Parosia arrest and imprison her. A prison break is brewing, but now that she knows what the Parosians do to their own citizens Barbarella decides to make this fight her own...

THE POP CULTURE ICON MAKES HER DEBUT IN AMERICA WITH NEW STORIES FOR *THE FIRST TIME IN 35 YEARS!*

MIKE CAREY TALKS *BARBARELLA*

Barbarella hasn't been published in comic book form in more than 35 years. How does your version of the character compare/contrast to the original?

I've actually stayed very close! The core of Barbarella's personality – her imperturbable calm as she is catapulted from one outrageous crisis to the next, her sexuality and her moral courage – all that stuff remains intact. Barbarella's voice is unchanged too: it's dryly comic, direct, trenchant. It's the world that has changed, I think, and that's because our world has changed. I've given her a more modern context to react to, or rather a whole series of contexts.

Where did you draw your inspiration from for the series?

I went back to the original series, first of all – and I decided that as a structural model it was pretty much perfect. Jean-Marc L'Officier describes Barbarella as a sort of adult-themed Alice In Wonderland. It's picaresque, with stark juxtapositions and changes of scene, and with a fast-paced narrative that can go anywhere and do anything. That was what I was aiming to emulate.

I also read a bunch of other picaresque stories – Candide, Tristram Shandy, Nights At the Circus, the Torturer Quartet. These were novels I already loved, so I didn't need much excuse. I was looking at them very much from the point of view of how they handle transitions and expositions, and how they embed serious ideas in light, limber storytelling.

During the 60s, Barbarella was an icon of female empowerment. As feminism itself has evolved in the last 40 years, how has Barbarella evolved to adapt to represent the modern woman?

Barbarella as Jean-Claude Forest wrote her was a woman who was entirely comfortable in her own skin and her own identity. Her sexual openness was a part of that, but it also showed in her utter refusal to genuflect to other people's agendas or moral strictures. She knew who she was and you couldn't bend her into anything else. She's an idealised figure, in many ways. All I had to do was to transpose her into a twenty-first century context. So, for example, she doesn't identify as straight any more. Why would she? In our own time, fewer than half of millennials would call themselves that, and the future is likely to be less polarised, not more.

What's your favorite part about writing Barbarella?

The size of the canvas, and the creative freedom. The original stories took place in a limitless universe, and they only ever moved forward, constantly introducing new characters and situations, new settings and McGuffins. I took that to be part of my brief, and it's crazy fun to do. It encourages you to push the envelope, and it whips you on if you're ever tempted to tread water. It's a book that only works if it's in overdrive.

I'm really excited to be working with Kenan Yarar. He's an artist with an exuberant, dazzling, playful style that's perfect for the book - and he's a great collaborator, always coming up with left-field solutions to narrative problems.

Centuries ago, the Silent Seven put their hand around the world's neck. They've never let go. From generation to generation, the famed invisible hand guiding the global economy, guiding progress, has been a clenched fist. But with their previous leader murdered in the street, who is currently at the helm of this shadow conspiracy, and how have they maintained their quiet threat for so long? Batman and the Shadow may not have the answer, but it's a good thing Bruce Wayne and Allard Cranston do.

IT DON'T COME EASY GN

(W) Philippe Dupuy
(A/CA) Charles Berberian

Since the character of Monsieur Jean first walked onto the page in 1998, he has endeared himself to readers, maturing with each frantic, surreal, heart-warming episode. Beginning as a young Parisian bachelor, defeatist writer, and urban bon vivant, Jean has reluctantly transitioned into a family man of forty, learning how to live with, and ultimately love those around him unconditionally. Constantly surrounded by a group of childhood classmates, an unbearably idealistic live-in friend Felix and his adopted son, Eugene, as well as his sweet daughter Julie, Jean questions life and those of others in an honest and endearing way; his unmistakable joie de vivre always undermined by a palpable sense of cynicism. The joy of these award-winning cartoons stems from that fact that Jean's weaknesses are our own; his doubts about life, universal; his relentless quest for happiness understood. (STL065667)

Blankets
a graphic novel by
CRAIG THOMPSON

BLANKETS GN

(W/A/CA) Craig Thompson

Blankets is the story of a young man coming of age and finding the confidence to express his creative voice. Craig Thompson's poignant graphic memoir plays out against the backdrop of a Midwestern winterscape: finely-hewn linework draws together a portrait of small town life, a rigorously fundamentalist Christian childhood, and a lonely, emotionally mixed-up adolescence. Under an engulfing blanket of snow, Craig and Raina fall in love at winter church camp, revealing to one another their struggles with faith and their dreams of escape. This groundbreaking graphic novel, winner of two Eisner and three Harvey Awards, is an eloquent portrait of adolescent yearning; first love (and first heartache); faith in crisis; and the process of moving beyond all of that. O/A HOSTAGE HC

(W/A/CA) Guy Delisle

In the middle of the night in 1997, Doctors Without Borders administrator Christophe André was kidnapped by armed men and taken away to an unknown destination in the Caucasus region. For three months, André was kept handcuffed in solitary confinement, with little to survive on and almost no contact with the outside world. Award-winning cartoonist Guy Delisle recounts André's harrowing experience in *Hostage*, a book that attests to the power of one man's determination in the face of a hopeless situation. Delisle tells the story through the perspective of the titular captive, who strives to keep his mind alert as desperation starts to set in. Delisle conveys the psychological effects of solitary confinement, compelling us to ask ourselves some difficult questions regarding the repercussions of negotiating with kidnappers and what it really means to be free. O/A ONE HUNDRED DEMONS HC

(W/A/CA) Lynda Barry

Inspired by a 16th-century Zen monk's painting of a hundred demons chasing each other across a long scroll, acclaimed cartoonist Lynda Barry confronts various demons from her life in seventeen full-color vignettes. In Barry's hand, demons are the life moments that haunt you, form you and stay with you: your worst boyfriend; kickball games on a warm summer night; watching your baby brother dance; the smell of various houses in the neighborhood you grew up in; or the day you realize your childhood is long behind you and you are officially a teenager. As readers get to know Barry's demons, they realize that the actual truth no longer matters because the universality of Barry's comics, true or untrue, reigns supreme. (STL042458)

AVATAREX VOLUME 1: DESTROYER OF DARKNESS TP

(W) Grant Morrison (A) Jeevan Kang, Edison George (CA) Jeevan Kang

Ceated and written by legendary icon, Grant Morrison (*Batman, All Star Superman, The Invisibles, 18 Days*), comes his newest hero, Avatarex. The epic world of living myth collides with the mundane realities and cultural upheavals of contemporary India. What happens when an all-powerful super-being awakens to fight the Last War of the Age, only to discover he's been sent too *early* for the End Days and must somehow learn to exist in a world that's too small and too frail to survive his presence? How does humanity react to the challenges of such a paragon in our midst? Will Avatarex raise us to his level — or will we drag him down to ours? Can the embodiment of our highest aspirations exist side-by-side with our all-too human failings or will the gulf between what we wish we could be and what we are destroy us? (STL065519)

BABES IN ARMS: WOMEN IN COMICS DURING THE SECOND WORLD WAR

(A) Barbara Hall & Various
During the Golden Age of comics publishers offered titles supporting the war effort presenting fighting men and their feminine counterparts, babes in arms! Comic books during this period featured US service-women fighting the Axis and gave noteworthy women artists of the era opportunities to create action-packed, adventure filled four color stories. Now, for the first time, renowned pop-culture historian Trina Robbins assembles comic book stories by artists Barbara Hall, Jill Elgin, Lilly Renee, and Fran Hopper together with insightful commentary and loads of documentary extras to create the definitive book chronicling the work of these important Golden Age artists. This magnificent art book offers page after page of good girl action! (STK675452)

FAIRY TAIL S: TALES FROM FAIRY TAIL VOLUME 1 GN

(W/A/CA) Hiro Mashima

The world of *Fairy Tail* is too big to be contained by one manga! From the pen of creator Hiro Mashima, this two-volume series contains the lost tales of *Fairy Tail*, where wizards Natsu, Lucy, and Erza get into crazy situations, and your favorite supporting characters get a chance to shine. For the members of Fairy Tail, a guild member's work is never done. While they may not always be away on missions, that doesn't mean our magic-wielding heroes can rest easy at home. What happens when a copycat thief begins to soil the good name of Fairy Tail, or when a seemingly unstoppable virus threatens the citizens of Magnolia Town? And when a bet after the Grand Magic Games goes sour, can Natsu, Lucy, Gray, Erza turn the tables in their favor? (STL065305) (C: 1-1-0)

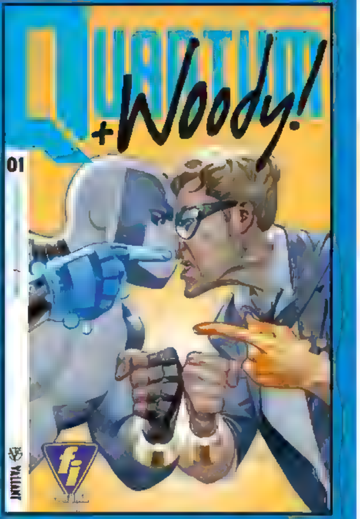
QUANTUM & WOODY #1

Recommended by Trevor Richardson



With a heavy portion of *Lethal Weapon*, a dash of *The Odd Couple*, and a couple of wrist bangles that give these boys dope powers, Quantum & Woody have returned! Sure, they can shoot energy out of their hands and apparently can take a beating better than an animated coyote, but at what cost?

Adopted brothers Eric and Woody Henderson would be a lot happier if they never had to look at each other's ugly mugs again, but they are almost literally attached at the wrist. Quantum & Woody have to "klang" their wristbands together every twenty-four hours or else they evaporate into nothing. Every great hero has a weakness, right? And worse than their impending oblivion, worse than being stuck together for life, their greatest weakness is each other. Because these two guys have been getting on each other's nerves for twenty years.

Somewhere between the squabbling, klanging, Quantum's brooding approach to crime-fighting and Woody's immature shenanigans, they have to get some proper superhero-ing done. But like that cyclical stock car race that is only interesting when something goes wrong and tumultuous crashes ensue, you really read Quantum & Woody to watch them heroically fail – or fail heroically. But we can at least hope to watch them clumsily succeed.

Quantum & Woody is a super-powered buddy cop comedy, a fan favorite, and it's back!

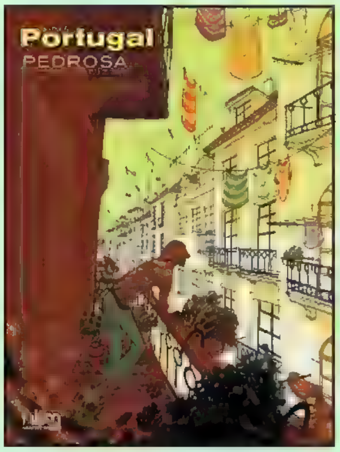
SPOTLIGHT ON



PORTUGAL HC

(W/A/CA) Cyril Pedrosa
This is the story of rebirth, through the rediscovery of a childhood place, shrouded in the haze of memory. French comic book artist Simon Muchat has reached one of life's dead ends. He drifts through his uneventful day-to-day existence, which has become devoid of color and flavor, and severely lacking in inspiration. He has no plans, no desires, no projects, and is slowly stagnating in his job as a school art teacher. He seems indifferent to his girlfriend's reproaches as she tries to shake him from his torpor. Simon is invited to spend a few days in Portugal for a comic book festival. The invitation strikes a chord with him, as his family is originally from there, and he hasn't been back since his childhood. Perhaps this will at long last lead him out of the maze, and towards a new life of color and feeling and the senses. (STL065315) (C: 0-0-1)

Dostoyevsky's novels provide profound insight into human psychology and the human soul. To write them, he drew inspiration from his own troubled life: an arrest for subversion; a death sentence spared when he was already in front of the firing squad; four years of hard labor in a Siberian prison camp, a spiritual conversion, a constant addiction to gambling, and the loss of two children that left him a deeply broken man. The struggle for power continues in Alexis Deacon's fantasy series. When allies are turned against another, who can be trusted? The second volume of *Geis* picks up right where the first graphic novel concluded: with the contenders divided against their will and thrown deeper into the mysterious game. Like most university students, Becka has a super intense crush. Unlike most university students, Becka's crush is on a beautiful gothic angel that frequents the underworld. Of course, she doesn't know that.

Unaware of the ghoulish drama she's about to step into, Becka finally gathers up the courage to ask Kim on a date! But when she falls into a ghostly portal and interrupts Kim at her job, she sets off a chain of events that will pit the two of them against angry cat-dads, vengeful zombies, and perhaps even the underworld itself. But if they work together, they just might make it... and maybe even get a smooch in the bargain.

EARTH WILL BE DESTROYED.

Stephen Blades, 45th president of the United States, knows this, and knows there will be no way to stop it. He knows the crew of the *Clarke* is most likely dead, and the 666 that were supposed to be saved now have no chance. The most powerful man on the planet cannot protect it from its fate.

But he will not give up.

In this thrilling conclusion to the critically-acclaimed and award-winning series, the world will indeed end. But will it take humanity with it?

"This comic has it all: terrorism, politically motivated sex, sex in space, alien-human hybrids, orbital weapon platforms, Biblical allusions and underground bunkers—plus plenty of riffs on real history."

The classic graphic novel collaboration from the minds behind *Lady Killer* returns in a new softcover format! Antonio Mercer is a private eye by trade, a man bad luck seems to follow, as evidenced by his newest client–the sister of his former lover, Julie Roman, who's now disappeared. And Julie's sister, Jessica, is a real piece of work. Still, Mercer takes the case, getting entangled in the same family drama that drove him away. Well, maybe not exactly the same, because the Romans have made some... unsavory connections. As the bodies start piling up, Mercer has no choice but to see the case through to its end–or become one of its casualties.

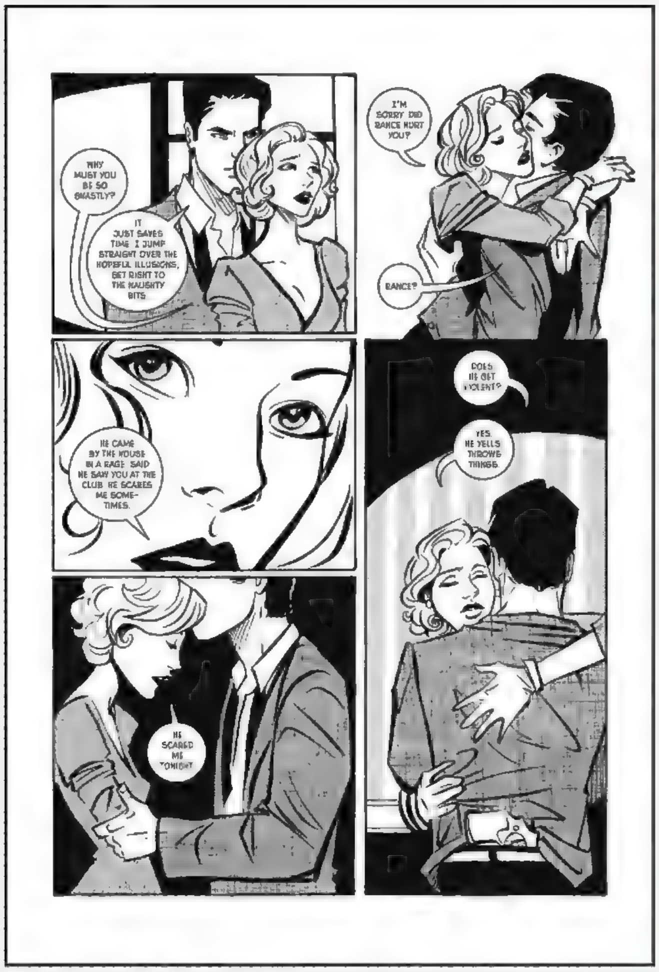
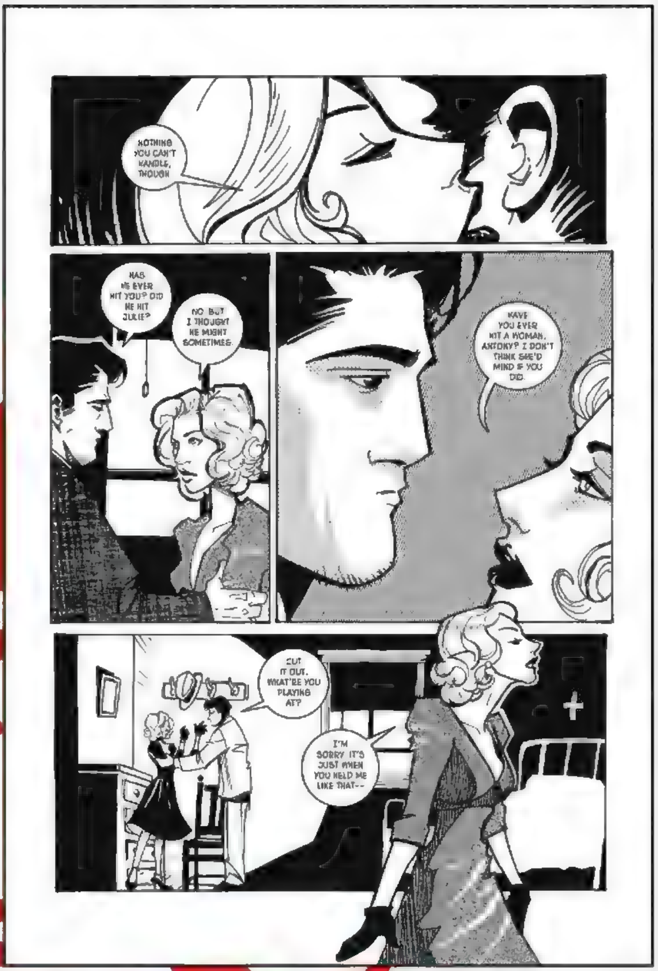
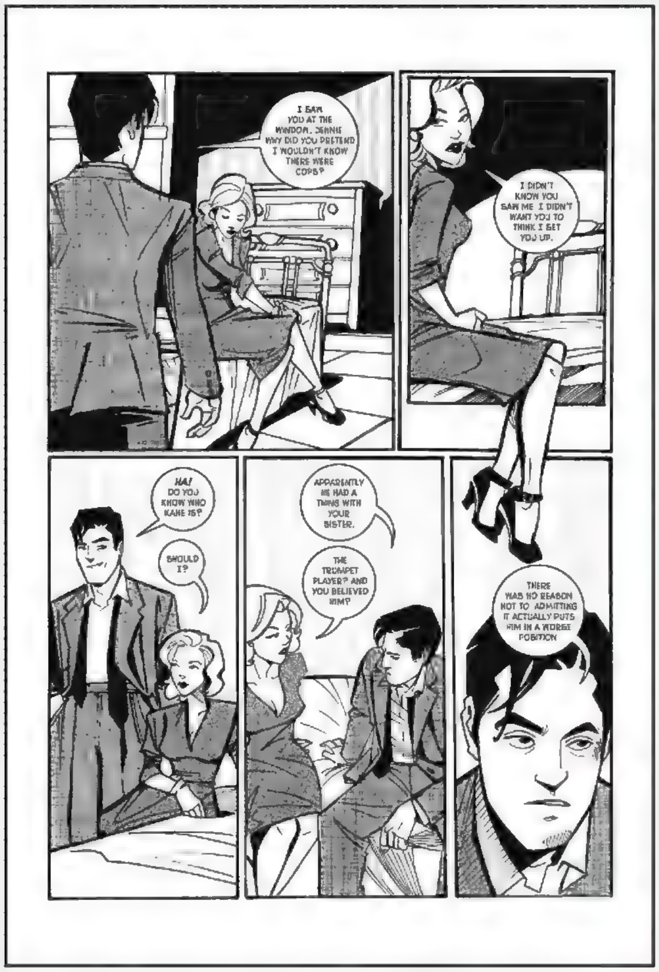
Oh, Mercer, where have you been? I've been scared to death
What are you doing here?
I've been waiting for you to come back
Did you know there were POLICE lurking around my house?
Yeah. They checked my pockets for silver candlesticks when I left



Why must you be so ghastly?
It just saves time. I jump straight over the hopeful illusions, get right to the naughty bits.
I'm sorry. Did Rance hurt you?
Rance?
He came by the house in a rage. Said he saw you at the club. He scares me some-times.
He scared me tonight
Does he get violent?
Yes. He yells. Throws things.



Nothing you can't handle, though
Has he ever hit you? Did he hit Julie?
No. But I thought he might sometimes.
Have you ever hit a woman, Antony? I don't think she'd mind if you did.
Cut it out. What're you playing at?
I'm sorry. It's just when you held me like that--



I saw you at the window, Jennie. Why did you pretend I wouldn't know there were cops?
I didn't know you saw me. I didn't want you to think I set you up.
HA! Do you know who Kane is?
Should I?
Apparently he had a thing with your sister.
The trumpet player? And you believed him?
There was no reason not to. Admitting it actually puts him in a worse position

Not only does she denounce him as her enemy, but she claims that the birthmark is a curse she engraved upon his face during one of the many past lives they shared together. THICKER THAN BLOOD – PLOOG PENCIL EDITION/BISLEY PAINTED EDITION/COLLECTED ARTWORK EDITION

Recommended by Steve Leaf

THICKER THAN BLOOD
SIMON BISLEY

In the seventies when you were looking for horror comics there was Warren Magazines, DC's *House of Mystery* and *House of Secrets*. Marvel had found a formula of horror themes and continuing characters, and Mike Ploog became the go to artist for many of the 70s greatest horror based series like *Werewolf by Night*, the Johnny Blaze *Ghost Rider*, and *Monster of Frankenstein*.

Mike has done outstanding work over the years. One of his final forays into comics was the three-issue horror story *Thicker than Blood* from UK publisher Full Circle.

Thicker Than Blood from FPG collects the mini series written by Simon Reed, penciled by Mike Ploog, and colored and painted by Simon Bisley. The story follows two brothers on a trek across Scotland who find themselves faced with more than just a stroll across the Highlands. They chance upon shelter and, as darkness descends and the moon rises, an invitation for all manner of creatures to appear, including a werewolf! This is a tragic tale of two brothers being in the wrong place at the wrong time, and how their lives are changed forever. The perfect setting and tone that play to the strengths of artists like Ploog and Bisley.

What is unique to this book are the various versions available from version A which reproduces only Mike Ploog's detailed pen and ink pages to version B that reproduces the fully painted artwork of Simon Bisley, created from Mike Ploog's pen and inked pages, the way the artwork was originally published both at a very reasonable $9.95.

For the collector and fan of original art by both talented artists there is a Collected Artwork Edition, reproduced directly from both the pencil art of Mike Ploog and the painted art of Simon Bisley in an oversized 12 x 17 156-page hardcover format at $150. There is also a signed and numbered limited slipcase edition signed by the three creators of the *Thicker Than Blood* comic: Simon Reed, Mike Ploog and Simon Bisley and is limited to 175 copies. As Mike has officially retired, this is the last product he will be involved in signing.

FPG has always produced quality projects, and in *Thicker Than Blood* we have an excellent send off for Mike Ploog as he begins his retirement from an industry he represented so well for many years.

FPG Ploog Pencil Edition/Bisley Painted Edition $9.95
Collected Artwork Edition $150 - $250

KLANG!

FEATURED ITEM

THE WORLD'S WORST SUPERHERO TEAM RETURNS IN AN EXPLOSIVE NEW ONGOING SERIES! This December, deeply alarming and untrustworthy writer Daniel Kibblesmith (*The Late Show with Stephen Colbert*) and eye-popping artist Kano (*Daredevil*) give the Valiant Universe the adjective-worthy superheroes it deserves: QUANTUM AND WOODY!

Sometimes...you embrace your destiny. And sometimes...you and your trouble-making adopted brother find yourselves trapped in a scientific lab explosion that grants you $@&%ing awesome super-powers. As a result of their accident, Eric and Woody Henderson – aka Quantum and Woody – must "klang" their wristbands together every 24 hours or both dissipate into nothingness. Which makes superhero-ing pretty awkward when you're not on speaking terms at the moment. See, Eric has been keeping a pretty big secret: He knows who Woody's birth father really is...and where he's been hiding all these years.

With great power comes great sibling rivalry! This winter, you'll believe two men and one goat can split a one-bedroom apartment and still be a credible threat to evil and injustice everywhere when QUANTUM AND WOODY make headlines and take names!

This is the story of the Valiant Universe's most terrifying new villain, and a preview of the pain he has yet to inflict on an unsuspecting world...

"THE BOOK OF REVENGE" drives another nail deep into Bloodshot's soul and psyche as New York Times best-selling writer Jeff Lemire (BLOODSHOT REBORN, *Black Hammer*) and explosive artist Mico Suayan (BLOODSHOT REBORN) present, for once and all time, the brutal genesis of the man-made-machine called Rampage!

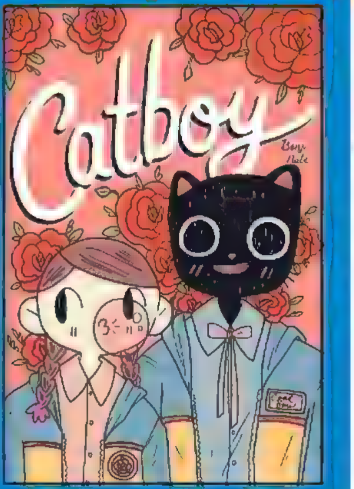
CATBOY

Recommended by Luke Martin



Silver Sprocket is a new publisher to the pages of *PREVIEWS*, but their first work up for grabs is a promising show of what we can expect in the future.

Catboy by Benji Nate follows the day to day of an unemployed art-school grad and her talking, wish-transformed cat. Originally published as a webcomic on VICE.COM, the short stories are a lighthearted slice-of-life about the complications of having a roommate and a pet in one furry human-shaped package. Its main story sees the two characters navigating the things you would expect from a roommate comedy, but with decidedly more feline hijinks. I love the fact that everyone just accepts the tall cat in people clothes, usually only ever remarking, "He's bigger than the last time I saw him." This coupled with his complete lack of prior human understanding pairs for a pretty surreal and entertaining read. The episodic stories are broken down into 4-5 pages apiece, making it easily accessible for anyone to pick up and enjoy.

I would be remiss in not talking about the presentation though, as a huge appeal of the book for me is the art. All the line work is uneven and free-handed which matches the loose, relaxed tone of the whole book. The simplicity of the characters, contrasting against the intricately curated clothes they wear, gives them a sort of paper doll quality. Nate does a great job of balancing an overall muted pastel color-scheme with a few more saturated reds and yellows to keep it from feeling too washed out.

Catboy is something I've enjoyed reading multiple times and, with the added outfit illustrations and sketches that aren't online anywhere, it's worth the price of admission. I would wholeheartedly recommend it to anyone who wants a fun, casual read or is just really into fashion illustration and cats.

ED BRUBAKER: CONVERSATIONS SC
(W) Ed Brubaker
Ed Brubaker has emerged as one of the most popular, significant figures in art comics since the 1990s. Most famous as the man who killed Captain America in 2007, Brubaker's work on company-owned properties such as *Batman* and *Captain America* and creator-owned series like *Criminal* and *Fatale* live up to the usual expectations for the superhero and crime genres. Brubaker layers his stories with a keen self-awareness, applying his expansive knowledge of American comic book history to invigorate his work and challenge the dividing line between popular entertainment and high art. This collection of interviews explores his work, drawing upon the entire length of the award-winning Brubaker's career. (STL064414) (C: 0-1-0)

FORGING THE PAST: SETH AND THE ART OF MEMORY SC
(W) Daniel Marrone (A/CA) Seth
At once familiar and hard to place, the work of acclaimed Canadian cartoonist Seth evokes a world that no longer exists — and perhaps never existed, except in the panels of long-forgotten comics. Seth's distinctive drawing style strikingly recalls a bygone era of cartooning, an apt vehicle for melancholy, gently ironic narratives that depict the grip of the past on the present. Even when he appears to look to the past, however, Seth (born Gregory Gallant) is constantly pushing the medium of comics forward with sophisticated work that often incorporates metafiction, parody, and formal experimentation. MICHAEL ALLRED: CONVERSATIONS SC
(W) Christopher Irving (A) Michael Allred
Michael Allred stands out for his blend of spiritual and philosophical approaches with an art style reminiscent of 1960s era superhero comics, which creates a mixture of both postmodernism and nostalgia. His childhood came during an era where pop art and camp embraced elements of kitsch and pastiche and introduced them into the lexicon of popular culture. Allred's use of both in his work as a cartoonist on his signature comic book *Madman* in the early 1990s offset the veiled autobiography of his own spiritual journey through Mormonism and struggles with existentialism. 007 MAGAZINE PRESENTS: EXHIBITORS PRESSBOOKS VOLUME 2

All the James Bond films from Dr. No (1962) to Licence To Kill (1989) had Exhibitors' Campaign Books produced to accompany the release of each film. By the time Agent 007 returned to UK cinema screens after a six-year hiatus in 1995 with GoldenEye, the Exhibitors' Campaign Book had been discontinued, replaced by Spirex-bound marketing manuals and electronic press kits on VHS videocassette, and eventually CD-Rom, and DVD, but even these were discontinued after The World Is Not Enough (1999), and surprisingly, nothing was produced for the 40th anniversary film in the series, Die Another Day. However, a landscape format Marketing Guide was produced for Casino Royale (2006). (STL065294) (C: 0-1-2)

FLIPSIDE

THE FLIPSIDE INTERVIEW:
THE ART OF RATCHET & CLANK

Over the past few years, video game franchises like HALO, Dragon Age, The Witcher, and more have found a home at Dark Horse. With their line of video game-related comics and deluxe art books — including the bestselling *World of Warcraft Chronicle, The Legend of Zelda: Art & Artifacts, and The Art of Mass Effect: Andromeda*, Dark Horse works closely with the game developers at BioWare and Blizzard to bring video game favorites to comics.

In honor of our *VIDEO GAME MONTH* theme, we spoke with Ian Tucker, Associate Editor at Dark Horse Comics, who spoke with us about their latest deluxe video game artbook, The Art of Ratchet & Clank, as well as their upcoming video game-inspired projects...

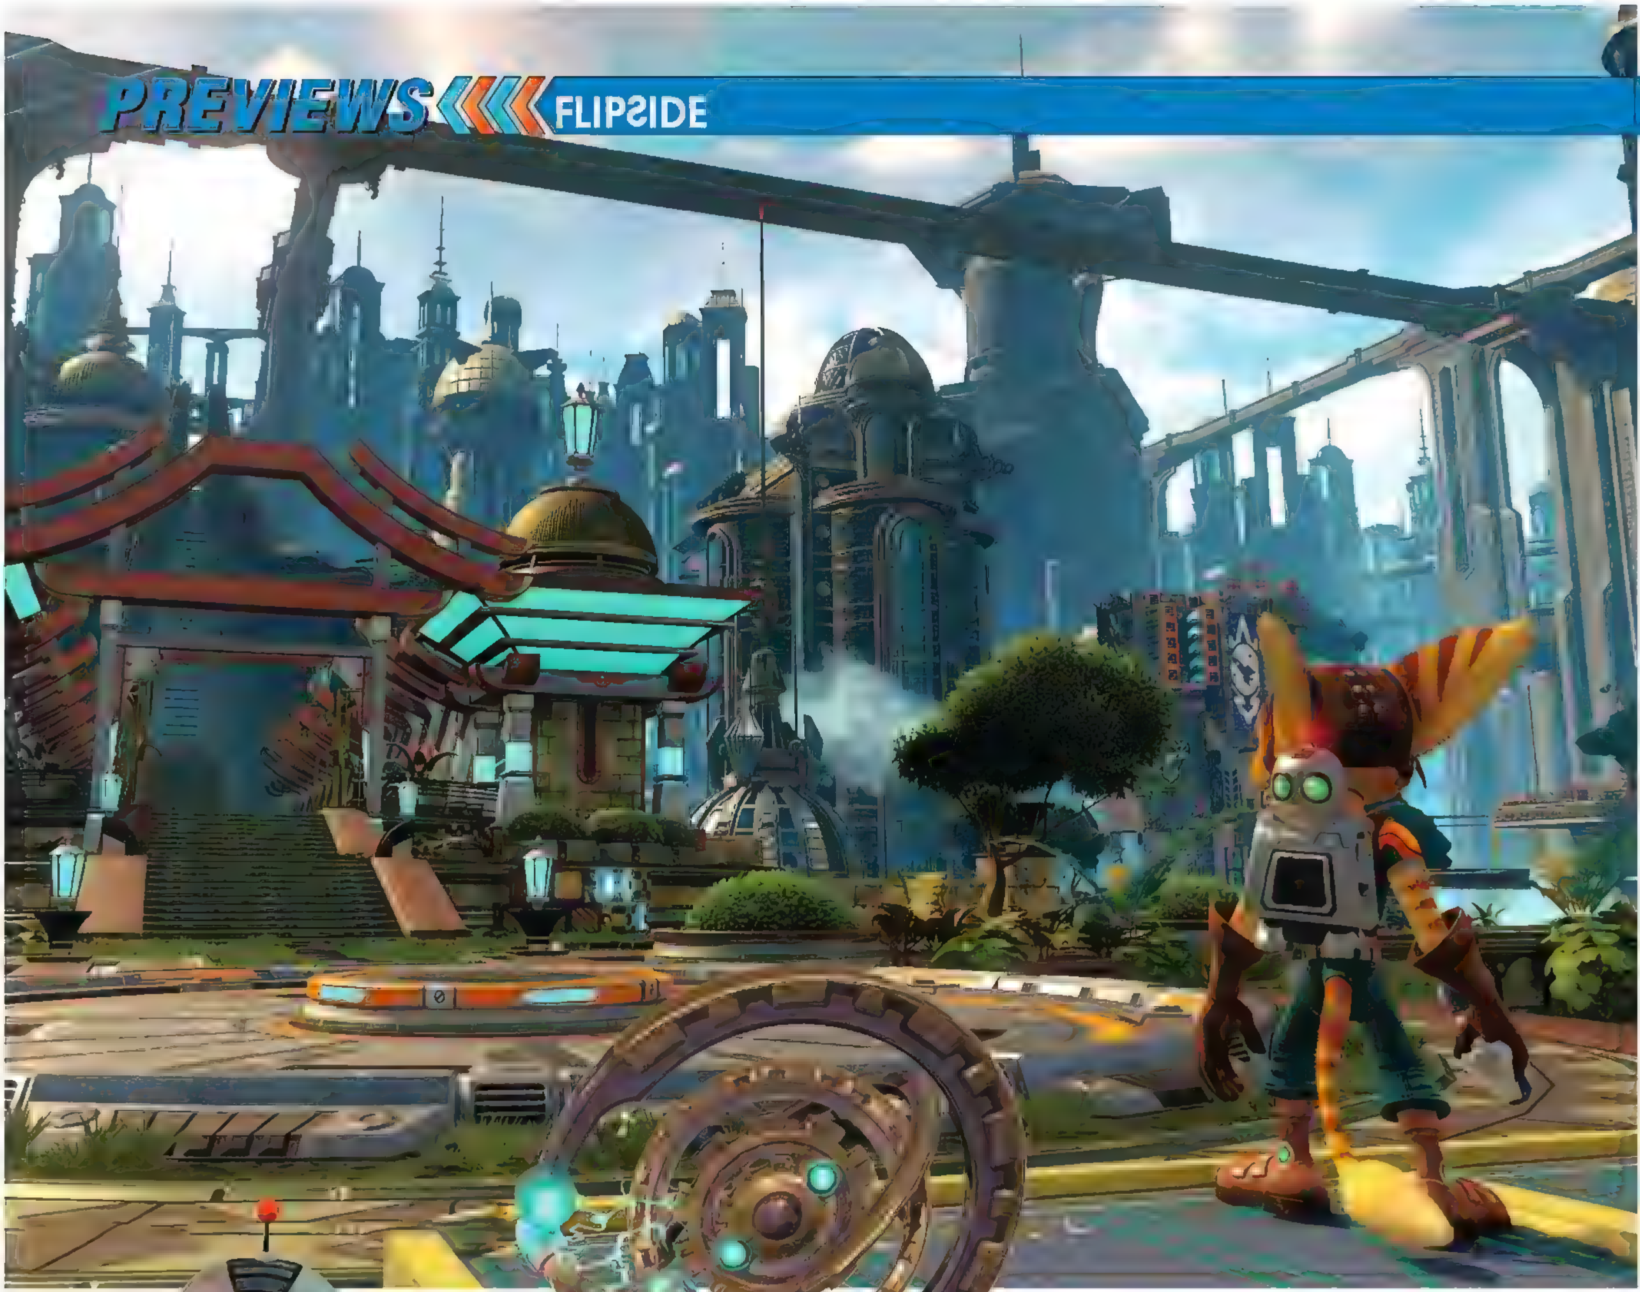
PREVIEWS: Will this art book just cover the more recent releases in the series or will it serve as an overview of the entire history of the R&C video games?

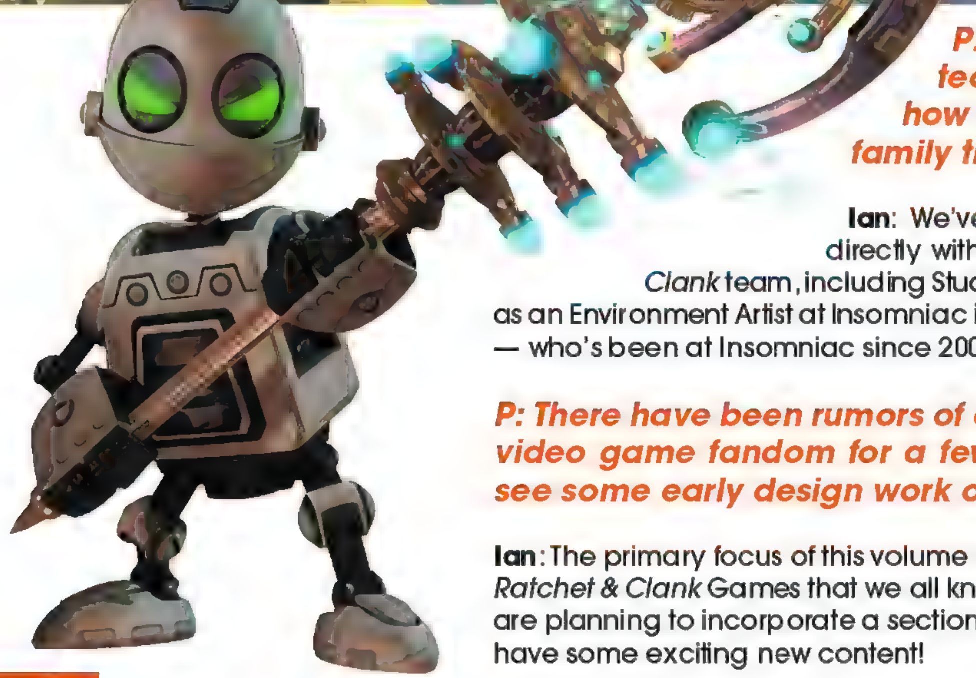
Ian Tucker: I'm pleased to say that *The Art of Ratchet & Clank* serves as a historical retrospective of the entire *R&C* franchise to date! In addition to deep dives into each entry in the *Ratchet & Clank* saga, we also explore the partially developed progenitor titles that led to *R&C's* creation, like *Girl with a Stick* and *Monster Night*!

P: What surprises were found while going through the studio's R&C archives?

Ian: Interestingly, the early concept work that we see in this book is all remarkably similar to the characters, equipment, and settings that we see in the final games. It's apparent that the art teams who developed the *Ratchet & Clank* saga had an amazingly clear idea of what they wanted to achieve from a very early stage in development...

THE ART OF
RATCHET & CLANK





P: Talk about some of the creative team interviewed for the book... how far back did you go in the R&C family tree?

Ian: We've had the distinct pleasure of dealing directly with key members of the current *Ratchet & Clank* team, including Studio Director Chad Dezern — who started as an Environment Artist at Insomniac in 2001, and Principal Artist Dave Guertin — who's been at Insomniac since 2000.

P: There have been rumors of a new R&C game going around video game fandom for a few years now. Any chance we'll see some early design work on any new games?

Ian: The primary focus of this volume is to celebrate the art and history of the *Ratchet & Clank* Games that we all know and love. That having been said, we are planning to incorporate a section that looks to the future — which should have some exciting new content!

THE ART OF OVERWATCH
THE ART OF Wolfenstein II THE NEW COLOSSUS
GWENT
ART OF THE WITCHER CARD GAME

P: Are there any other video game art books in the works that you can talk about or at least tease for our readers.

Ian: We've got some excellent new offerings that we're really excited about! *Overwatch* is a titan in the world of team-based first-person shooters, and, we're thrilled to be producing *The Art of Overwatch* (JUN170078), which will be out alongside the *Overwatch Anthology Vol. 1 HC* (JUN170080) in October. *Gwent: The Art of The Witcher Card Game* (OCT160026) is on sale now, and features hundreds of beautiful pieces of art from the dark fantasy video game universe. *The Art of Wolfenstein II: The New Colossus* (MAY178726) will be out following the game's much-anticipated release in November, and *The Crash Bandicoot Files: How Willy the Wombat Sparked Marsupial Mania* will be a reproduction of the original *Crash Bandicoot* developer's document that will be available in March of 2018. *The Pillars of Eternity Guidebook: Volume Two—The Deadfire Archipelago* will be out to accompany the sequel to the cult-favorite game in Spring. Finally, be on the lookout for some very exciting announcements leading up to New York Comic Con!

SPLATOON VOLUME 1 GN

Recommended by Jonathan

Splatoon, the newest Nintendo franchise to capture the attention of gamers, is coming in manga form to a comic shop near you! Created by Hinodeya Sankichi as part of the popular Japanese *Corocoro Comic* magazine, Viz Media is collecting each chapter of the *Splatoon* manga and presenting it in a delightful package for all to enjoy.

Splatoon features teams of "Inklings," aka squid girls and botys, who are tasked with covering the most amount of territory in ink using an array of weapons. Known for its unique and fun art style, Splatoon became an overnight hit. Sankichi does a stellar job of capturing the vibe of the third person ink shoot 'em up within the manga. Each chapter focuses on a lovable team of Inklings as they battle through multicolored opponents on their way to the top rank. The manga succeeds in capturing the feel of the game and serves as a tutorial for those wanting to know more about Splatoon. Jump on board with the manga and see what the craze is all about!

CATBOY

Recommended by Luke

Catboy
Benji Nate

Silver Sprocket is a new publisher to the pages of ***PREVIEWS***, but their first work up for grabs is a promising show of what we can expect in the future.

Catboy by Benji Nate follows the day to day of an unemployed art-school grad and her talking, wish-transformed cat. Originally published as a webcomic on VICE.COM, the short stories are a lighthearted slice-of-life about the complications of having a roommate and a pet in one furry, human-shaped package. Its main story sees the two characters navigating the things you would expect from a roommate comedy, but with decidedly more feline hijinks. I love the fact that everyone just accepts the tall cat in people clothes, usually only ever remarking, "He's bigger than the last time I saw him." This coupled with his complete lack of prior human understanding pairs for a pretty surreal and entertaining read. The episodic stories are broken down into 4-5 pages apiece, making it easily accessible for anyone to pick up and enjoy.

I would be remiss in not talking about the presentation though, as a huge appeal of the book for me is the art. All the line work is uneven and free-handed which matches the loose, relaxed tone of the whole book. The simplicity of the characters, contrasting against the intricately curated clothes they wear, gives them a sort of paper doll quality. Nate does a great job of balancing an overall muted pastel color-scheme with a few more saturated reds and yellows to keep it from feeling too washed out.

Catboy is something I've enjoyed reading multiple times and, with the added outfit illustrations and sketches that aren't online anywhere, it's worth the price of admission. I would wholeheartedly recommend it to anyone who wants a fun, casual read or is just really into fashion illustration and cats.

QUANTUM & WOODY #1

QUANTUM
+Woody!
01
VALIANT

With a heavy portion of *Lethal Weapon*, a dash of *The Odd Couple*, and a couple of wrist bangles that give these boys dope powers, Quantum & Woody have returned! Sure, they can shoot energy out of their hands and apparently can take a beating better than an animated coyote, but at what cost?

Adopted brothers Eric and Woody Henderson would be a lot happier if they never had to look at each other's ugly mugs again, but they are almost literally attached at the wrist. Quantum & Woody have to "klang" their wristbands together every twenty-four hours or else they evaporate into nothing. Every great hero has a weakness, right? And worse than their impending oblivion, worse than being stuck together for life, their greatest weakness is each other. Because these two guys have been getting on each other's nerves for twenty years.

Somewhere between the squabbling, klanging, Quantum's brooding approach to crime-fighting and Woody's immature shenanigans, they have to get some proper superhero-ing done. But like that cyclical stock car race that is only interesting when something goes wrong and tumultuous crashes ensue, you really read Quantum & Woody to watch them heroically fail – or fail heroically. But we can at least hope to watch them clumsily succeed.

Quantum & Woody is a super-powered buddy cop comedy, a fan favorite, and it's back!

CATALYST™ PRIME

AMY CHU SUMMIT™ INTERVIEW

LF: Amy, you have certainly been busy these past few years with one of the most diverse résumés of characters and publishers. What was it about Lion Forge's new Catalyst Prime Universe that really drew you in, and what do you feel separates it from other superhero lines?

Amy Chu: I LOVE writing established characters like Red Sonja, Wonder Woman, Poison Ivy, Deadpool, Ant-Man, and Emma Frost, but Catalyst Prime is a universe where I'm getting in at the ground level. You don't get many opportunities like this in comics, believe me. This is like the big bang, and it's very exciting. Starting fresh like this, you get to make sure there is something in it for EVERYONE.

LF: Summit introduces Dr. Valentina Resnick-Baker. What can you tell us about her and her role in the aftermath of The Event? What qualities do you hope shine through in her character?

Amy: Readers who liked my run on Poison Ivy will really get Val. She's a key member of an astronaut team sent up into space to save the earth from destruction. She's fearless, super smart, a competitive rock climber. She's like Hermione from Harry Potter, all grown up. And now she needs to come to terms with unexpected powers, and messy stuff, like . . . feelings.

LF: The artist on the book, Jan Duursema, has an incredible track record of developing new characters, having created some of the most well-known faces in the Star Wars Expanded Universe. How has it been to collaborate with her to bring Val to life?

Amy: Jan is a phenomenal artist and a consummate pro. She doesn't cut corners and brings 110 percent to the table on every panel. It's a real privilege. You'll see—the art is drop-dead gorgeous.

LF: If I haven't read any of the other books in the Catalyst Prime line, how easy will it be for me to jump into Summit?

Amy: Easy as pie. I hate, hate, hate making things super complicated. Comics needs new readers. Why make it difficult to create a new fan? It's a shared universe, but I wrote Summit to be completely stand-alone. I think that's true for the other titles as well; you can jump in anywhere.

LF: Of all the other books in this new lineup from Lion Forge, what is your personal favorite outside of Summit?

Amy: No fair! They're all really great! And different. The one I need to catch up on is Superb—I grabbed an advance copy from the editor's desk and read it on the plane, and it was so GOOD. So if you're going to make me pick, that's the one.
